Defendant Donald Elman appeals from an order granting a domestic violence restraining order against him in favor of plaintiff Brittany Rhodes. Defendant contends the court erred by failing to admit into evidence a letter written by plaintiff. However, defendant has not cited any portion of the record where the court refused to accept this evidence (indeed, he has not cited the record at all). To the contrary, based on our review of the record, it appears the court admitted the letter in question. Since the record does not reveal any error, we affirm.

#### DISPOSITION

The order is affirmed. There being no appearance by plaintiff, no costs are awarded.
